

GREAT STRING OF BOATS IN PARADE

Practically Every Power Craft in Tri-Cities Will Be Entered in Centennial River Pageant.

TO BE STAGED NIGHT JUNE 22

Many Craft Bearing Cruisers From Points Along the Mississippi Are Expected Here.

Practically every power boat in the tri-cities will be decorated and entered in the immense water pageant and parade to be staged on the river on Thursday night, June 22, as a grand finale to "Industrial day" of the huge Fort Armstrong centennial celebration which will occupy the week of June 18-25, under the auspices of the Rock Island County Historical society and the historical section of the Davenport Academy of Science, to commemorate the 100th anniversary of the founding of Fort Armstrong on Rock Island.

A combined committee from the Mo-line Launch club, the Rock Island Launch club and the Davenport Boat club met with Director-General George D. Benson in his office in Rock Island Wednesday night and informed him that the organizations in the three cities were enthusiastic boosters for the celebration and would do all in their power to make it a big success.

The committee also stated that boat owners of the tri-cities would be glad to cooperate by entering their craft in the water carnival and pageant and that it would mean that several hundred boats would participate.

In addition to the boats owned in the tri-cities it is understood that the clubs of Muscatine, Clinton and other points within reasonable distance will also enter motor boats in the big parade. It is also possible that many boats owned by cruisers who will make the tri-cities the objective points for their summer water tours will arrange to enter in the parade.

The publicity committee has been asked to submit an article concerning the centennial to the publisher of the Open Exhaust, a publication devoted to motor boating, and this will doubtless appear in the issue of June 16, informing motor boat fans all over the upper Mississippi of the festivities in the tri-cities and will undoubtedly bring many of the devotees of this sport to the centennial.

Several hundred League of Honor buttons have been disposed of in the tri-cities and it is expected that within a few days there will have been enough of these souvenirs sold to pay the expense of building the "Court of Honor" or bower on the island where the big spectacles and historical scenes will be reproduced.

Committee Keeping Busy.

With the opening of the celebration only one month away the various committees working under the direction of President Norwood and the executive board and Director-General Benson, are holding almost daily meetings bringing the loose ends together and knitting them so that there will be no possible hitch in the program as announced.

W. A. Bolton of Mathersville, Ill., was cured of a bad case of piles by Drs. Kinsey & Allgover's Painless Absorbent method, and writes the following in regard to his case: "I had the bleeding and protruding piles for 17 years. At times they were so bad I could not work. They made me constipated, my bowels filled with gas and I had bad attacks of belching from the stomach. Your treatment has cured me. I feel a hundred per cent better than I did. I worked every day while being cured and your treatment was mild and painless. You are at liberty to refer anybody to me in regard to your methods."—W. A. Bolton.

By our absorbent method we cure piles without any chloroform, cutting, ligation or burning. We use no injection of carbolic acid or anything else. You can come to our office and be examined free of charge. If you have piles we will treat you on a no cure, no pay proposition. You need not pay one cent until you see results and are satisfied. We treat both men and women.

DRS. ALLGOVER & KINSEY.

ROCK ISLAND, ILL.

Chautauqua On Preparedness.

Chautauqua, N. Y.—One week of the forthcoming chautauqua assembly will be devoted to the discussion of national preparedness. For these discussions several prominent speakers have been secured. Among the speakers will be Major General Leonard Wood, commander of the department of the east, Judge Alton B. Parker, former Congressman William M. Calder of Brooklyn, Gen. A. Wise Wood, former member of the naval consulting board, and Mrs. Lucia Ames Head, of Boston, chairman of the peace department of the National Council of Women on the Newer Propositions. The week of June 25 has been selected as preparedness week.

All the news all the time—The Argus.
